Registrations

OPENING CEREMONY

Keynote Forum

Title: Volumetric overload shocks in the patho-etiology of the transurethral resection prostatectomy syndrome and acute dilution hyponatraemia

Ahmed N Ghanem, Retired Consultant Urologist, Egypt

Title: Novel approaches for endogenous heart repair

Tamer M A Mohamed, University of Manchester, United Kingdom

Title: An increase in CO₂ levels by upregulating late sodium current is proarrhythmic in the heart

Lin Wu, Peking University First Hospital, China

****Keynote Slot Available****

Group Photo & Coffee Break

Session Introduction

Title: Atrial septal defect closure in a Jehovah's witness by an enhanced recovery after surgery program

Maria Amparo Lopez-Ruiz, CEU Cardenal Herrera University, Spain

Title: Multi-center clinical report of cardiopulmonary resuscitation with abdominal lifting and compression

Danyang Peng, University of Chinese Medicine, China

Title: Value of cardiac biomarkers in the early diagnosis of takotsubo syndrome

Charlotte Dagrenat, University of Strasbourg, France

Title: Less invasive hybrid procedures in cardiac surgery

Rainer Moosdorf, University Hospital Marburg, Germany

Title: Clinical outcomes of robotic mitral valve repair: A single-center experience in South Korea, updated version

Jae Won Lee, Asan Medical Center, South Korea

Title: Incremental prognostic value of myocardial neuroadrenergic damage in patients with chronic congestive heart failure: An Iodine-123 Meta-Iodobenzylguanidine scintigraphy study

Giovanni Scrima, Santa Croce Hospital, Italy

LUNCH BREAK

Title: Correlation of aortic arch calcification grading on chest radiograph and severity of coronary artery disease on conventional coronary angiography among patients with acute coronary syndrome

Harold James M Estrada, Chong Hua Hospital, Philippines

Title: Clinical audit of our initial experience of transthoracic echocardiography at a newly operational satellite center in Hyderabad

Iram Balouch, Transthoracic Echocardiography Center, Pakistan

Title: The implementation of a cross-jurisdictional clinical network for congenital heart disease in children's and young people

Sharon Morrow, NI & ROI/Children's Health, Ireland

****Speaker Opportunity Available****

Networking & Refreshment Break

Panel Discussion

Day-2

Keynote Forum

Title: Using smart ECG T-shirt with AI based arrhythmia detection

Oleksii Vynogradov, Heartin Inc, USA

Title: ACE Phenotyping as a guide for personalized therapy with ACE inhibitors

Sergei M. Danilov, University of Arizona Health Sciences, USA

Title: Hospital outcome of acute hyperglycemia and Tnf- α in patients with St-elevation myocardial infarction

Taha Ahmed Al-Maimoony, Cairo University Hospital, Egypt

Session Introduction

Title: Mineralocorticoid receptor antagonism: New opportunities for cardiovascular research

Bertram Pitt, University of Michigan School of Medicine, USA

Title: Expandable polyurethane stent valve. Results of physical, hydrodynamic and experimental tests.

Miguel A Maluf, Sao Paulo Federal University, Brazil

Title: Relation bronchial asthma and parasitic (nematodes) infection in Egyptian children

Yossef Habib, Alexandria Police Hospital, Egypt

Title: Nuclear cardiology practices in Brazil: Challenges to improve radiation exposure on the emerging countries

Carlos Vitor Braga Rodrigues, Plínio Leite University Center, Brazil

Title: New developments in management of refractory heart failure

Adarsh Kumar, GND Hospital and Medical College, India

Lunch Break

Title: Early detection of Anthracycline induced cardiotoxicity in childhood acute leukemia with cardiac magnetic resonance

Ying-Kun Guo, West China Hospital of Sichuan University, China

Title: Localized nonlinear excitations in diffusive magnetic myocardial networks

Clovis Takembo, University of Yaoundé, Cameroon

Title: Personalized & Precision Medicine (PPM) as a model of healthcare services of the next-step generation to secure the national stability and the biosafety

Sergey Suchkov, Sechenov University, Russia

Title: Imaging of the coronary artery diseases in women

Ma. Amparo Pineda Tovar, Instituto Mexicano del Seguro Social, Mexico

Title: Probabilistic model for mean arterial pressure for shock patients

Rabindra Nath Das, The University of Burdwan, India

Title: The cause of cancer from the point of view of the new theory of CVD

Vladimir Ermoshkin, Russian New University, Russia

****Speaker Opportunity Available****

****Poster Slots Available****
